avro GSE
Best on Ground

# Reliable. Durable. Built for the Ramp.

**WC300G | LC250G**

Avro GSE's Service Carts are designed to streamline aircraft servicing – offering rugged durability, easy operation, and long-term reliability for airports and ground handling teams.

## Key Highlights

- Heavy-duty frame construction
- Easy towing and maneuverability
- Stainless steel tanks & corrosion-resistant fittings
- Operator-safe design
- Low maintenance & high uptime

| MODEL | TANK CAPACITY | FLOW RATE | ENGINE | DIMENSIONS (L × W × H) | WEIGHT | MAX SPEED | TIRES |
|---|---|---|---|---|---|---|---|
| **WC300G** Water Cart | 300 gal (1,135 l) | 22 GPM @ 40 psi | Honda GX120 | 118.5–156 in × 56.5 in × 46.5–53.5 in | 1,540 lb (698 kg) | 15 mph (25 kph) | 4.00 × 8 Solid |
| **LC250G** Lavatory Cart | 150 gal waste + 100 gal fresh | | | | 1,600 lb (726 kg) | | |

**Note:** Dimensions, cable lengths, optional features available in full spec sheets.

## Water Cart WC300G

Deliver clean, potable water safely and efficiently with Avro's durable, ergonomic Water Cart – built for consistent performance in demanding ramp environments.

### Potable Water Delivery - Simplified

- **300-Gallon Stainless Steel Tank**
  Corrosion-resistant and easy to clean
- **Honda GX120 Engine**
  Delivers 22 GPM at 40 psi
- **Freeze Protection**
  Dual heaters and full insulation for cold-weather readiness
- **Anti-Crush Hose with Breakaway Coupling**
  Safety-first design for operators & equipment
- **Precision Water Meter**
  Accurate fill tracking and control
- **Solid Tires Rated for 15 MPH Towing**
  Durable and puncture-proof mobility

## Lavatory Cart LC250G

Ensure sanitary, efficient aircraft waste servicing with Avro's Lavatory Cart – designed for reliability, safety, and ease of maintenance.

### Dual-Tank Efficiency for Hygienic Service

- **150 gal Waste + 100 gal Fresh Water Capacity**
  Reduces trips and improves turnaround
- **Isolated Systems**
  Prevents cross-contamination and ensures compliance
- **Flexible Discharge Options**
  Ground, side, or rear valve configurations
- **Freeze-Protected Tank and Pump**
  Operates reliably in sub-zero conditions
- **Anti-Crush Hoses with Safety Couplings**
  Built-in protection for ramp crews
- **Solid Tires for 15 MPH Towing**
  Built for fast repositioning on the tarmac

### Flexible Financing Plans to Upgrade Your Fleet

- Flexible
- Quick Approval
- Plans Tailored to Your Needs

## SUPPORT • WARRANTY • SERVICE

- **Customizable warranty plans** Tailored to airport operating hours & usage profiles
- **AAA Maintenance Program** Access access to standby units & expedited spare parts across service network
- **Concierge-level support** Diagnostic support (via QR/ remote), training, on-site service & parts logistics
- **Stocked inventory & fast shipping** Units and parts available for prompt deployment
